School Goals

- Our school continues to strive toward ensuring all students are achieving and showing academic growth each year.
- We are focused on providing high quality instruction and closing achievement gaps for students in our school.
- Crater will begin the implementation of the Response to Intervention Program or R.T.I. during the 2019-2019 school year.

State Goals

- The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025.
- To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

- Newberg schools strive to ensure all students and their parents feel welcome to our school by including bilingual staff in our school office.
- We provide multiple means of parent communication both through the classroom and the main office to help ensure all families are kept updated on school events.
- Student safety is our biggest priority which is why we have a closed campus when students are present.
- Additionally, all visitors are required to sign in through our Raptor system and wear identification while on school grounds.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES
Our school has outlined clear bullying, harassment, and safety policies to ensure our students have a learning environment conducive to learning. We encourage all reports of bullying to be brought to the attention of school staff immediately. Our school is also participating in the SAFE Oregon program, which allows anonymous bullying tips to be reported through the SAFE Oregon network. In addition to bullying prevention, our school safety plan utilizes the Standard Response Protocol system to ensure that all staff and students are trained on school safety policies and procedures.
