State Goals
The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

School Goals
Our school is continuing our work from last year, focusing on academic and social emotional growth. We are committed to providing high-level standards-based instruction, coupled with engaging, authentic, and rigorous learning. We believe that as we operate from our "Culture of Care" framework, we can create a learning environment where all students will learn.

Safe & Welcoming Environment
Newberg schools strive to ensure all students and their parents feel welcome to our school by including bilingual staff in our school office. We provide multiple means of parent communication both through the classroom and the main office to help ensure all families are kept updated on school events. Student safety is our biggest priority which is why we have a closed campus when students are present. Additionally, all visitors are required to sign in through our Raptor system and wear identification while on school grounds.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES
Our school has outlined clear bullying, harassment, and safety policies to ensure our students have a learning environment conducive to learning. We encourage all reports of bullying to be brought to the attention of school staff immediately. Our school is also participating in the SAFE Oregon program, which allows anonymous bullying tips to be reported through the SAFE Oregon network. In addition to bullying prevention, our school safety plan utilizes the Standard Response Protocol system to ensure that all staff and students are trained on school safety policies and procedures.
